

We've an online work experience course running this January, perfect for all students aged 14-19 considering careers in medicine & healthcare.

Back by popular demand, we've a new series of [Dr OJ'S Thursday surgery](#) for students to enjoy, taking place every Thursday in January. Dr OJ and friends will give you an interactive experience of the Emergency Department, Obstetrics and Gynaecology, Paediatrics & Psychiatry.

Every Thursday in January - 6pm - 8pm.

Students can enrol below and will receive a certificate for their participation

Marks & Spencer's Webinar:

2020 has proven how much retail means to our communities, so why not be a part of transforming it at one of the UK's most iconic brands.

M&S are recruiting Retail Management and Fashion apprentices across the UK, giving you the ultimate fast track to managing your own department and looking after multi million pound budgets, all while being coached and mentored by their retail management experts.

If you'd like to consider applying for a M&S apprenticeship program and are interested in Business, Retail, Management or Fashion then you can find your unique sign up application link below to this webinar!

Key Details:

- Thursday 28th January, 5pm - 6pm
- Insight to M&S (one of the UK's most iconic brands)
- Open to all Y12 / S5, Y13 / S6 and Y14 students
- Great opportunity for students looking to get into business, management, retail or fashion!

Achieve more than you thought possible, you don't need a degree to become an Army Officer, you just need leadership potential. Travel the world, succeed alongside your team, developing your leadership skills as you overcome challenges together.

As an Army Officer, you'll receive:

- A starting salary of around £33,000 upon completion of one year's training
 - Subsidised accommodation and facilities, increasing your disposable income
 - Free medical and dental health cover
 - Opportunities to continually progress your career
 - Sponsorship to achieve valuable professional qualifications
 - Adventurous Training, and the chance to play your favourite sports
- Becoming an Army Officer is the start of a journey, where you'll grow and make the most of every opportunity, where you'll travel the world doing something that matters. If you're looking for a career with adventure, purpose, pride, and confidence, you'll find it as an Army Officer.

I am one of the editors for a Life Sciences student journal called Insider Imprint at the University of Liverpool. In this journal we publish work from University students studying a life science degree at the University of Liverpool. For our fourth issue we are holding a writing competition for GCSE-level students. I would love it if you could let your students know about this opportunity to get their work published!

You can see more about our journal at www.insiderimprint.com and I have attached a poster with the competition details. The competition is for an 800-1000 word article with the title "Modern day solutions for modern problems: what is the next challenge for humanity to overcome?" We would like students to write about a problem they think could be solved using biology. In an essay of less than 1000 words, we would like to know how they think science could be used to make a better future for us all.

All articles should have a title page that includes the pupil's name, school name, year group and word count. The deadline is 10th February and entries should be sent to insiderimprint@liverpool.ac.uk. Entries can be sent by the students themselves or collectively via the school.

Natalie Koch

Myerscough College are holding a Virtual Course Advice evening on Tuesday 12th January from 7pm - 8pm and also an Advice morning online on Saturday 6th February 10am to 12.30. Instructions on how to book are through the "What's on" section of Myerscough's website. Or pupils can simply visit the website on either of these dates.

We are continuing to work online so if you have any queries, please contact us by email until further notice.

Nick Harrison: Schools liaison Coordinator (nharrison@myerscough.ac.uk)

Angela Hey: School Liaison officer (ahey@myerscough.ac.uk)

Amelia Bibby: Schools liaison officer (abibby@myerscough.ac.uk)

Following his phenomenal session at the Future Talent virtual conference in November, we are delighted to announce that astronaut Tim Peake will be taking part in an exclusive **free** virtual Q&A session for young people on **Thursday 21 January 2021** from 5-6pm GMT.

Facilitated by Tim Campbell MBE, the first winner of TV's *The Apprentice*, Tim Peake will be answering questions from young people (aged 11-18) about space, STEM careers, and his chances of joining NASA's Artemis Program to return astronauts to the moon by 2024.

Whether you're a parent, carer, aunt, uncle, grandparent, school governor or you have links with education, please help us spread the word about what is set to be a fantastic event* , offering school students the opportunity to hear from one of our country's greatest explorers.
