Considering a career in the Army?

The Army Officer Scholarship Scheme (AOSS) can support students through school and university, so they'll have a career as an Army Officer secured by the time they finish their education.

Find out more by clicking on the link below.

How does it work?

- Apply before March 31st in Year 12/S5/Lower Sixth for an award of £3,000 in Year 13 (S6 or Upper Sixth)
- At university you'll get a bursary worth from £6,000
- Students can apply to upgrade to another bursary such as Enhanced, Defence STEM Undergraduate Sponsorship (DSUS) or Medical

Cisco are a HUGE global IT company (you might be familiar with them providing sports scores during games on television)They have a successful work experience programme and post 18 apprenticeship offers.

Please read below if this is a pathway that might interest you.

The applications for October Pathways Work Experience programme for Years 11 & 12 are now open. Following up on the success of the July programme we will again offer the programme in two formats. For students who live close enough to travel to our offices in West London there is an option of a hybrid week with the Monday and Friday in the office at Bedfont Lakes, Feltham and also a fully virtual option. We've decided on this approach to ensure we can continue to include students from right across the UK and Ireland. This programme is for Years 11 & 12 (or equivalent) and runs 24-28 October.

This is a weeklong programme with the aim of showing students the range of jobs **within a global IT company**. Cisco is not a one size fits all organisation and we welcome applications from any year 11 & 12 students from anywhere in the UK & Ireland. We will also be developing presentation, teamwork and employability skills, and building confidence through online modules and interactive sessions. Your passion is our interest.

The programme doesn't require students to choose technical or business as in addition to the mandatory core parts of the programme they will be allowed to select the sessions that are of interest to them.

Programme dates: 24-28 October

Here is the information your students need to apply for the October Pathways hybrid & virtual work experience.

Please send your students the message below.

Applications for Cisco's October Pathway Work Experience, for young people in Years 11 & 12, are now open. You can find more information on [our Facebook page](#) and apply from there or apply using the links below.

Applications for Cisco Pathway Work Experience October 2022, for young people in Years 11 & 12, are now open.

- Dates: 24-28 October
- Location: o Option 1- Hybrid (2 days in office & 3 days virtual)
Follow this [link](#) to apply if you wish to attend the hybrid format

Speakers for Schools provide virtual work experience events for students at no cost. They are with top companies and are very popular. I have included a broad selection below.

University of Leeds Pre-16 Events and Activities

Taster Days

Our Taster Days are designed to introduce students to HE study, and the different healthcare related disciplines that they can study at university. A taster day may include academic taster sessions (delivered by academic colleagues or current students), as well as a campus tour and general HE information. There will also be the opportunity for students to talk to our current undergraduates about their experiences.

Below is a list of our upcoming pre-16 taster days:

- [Psychology Taster Day for Year 9 and 10 – Monday 14th November 2022](#)
- [Health and Social Care Taster Day for Year 7 and 8 – Tuesday 6th December 2022](#)
- [Medicine and Dentistry Taster Day for Year 7 and 8 – Wednesday 7th December 2022](#)

Bookings are now open for these events, and close on Sunday 16th October. A maximum group size of 15 students and 2 staff per school applies. You will be informed the week commencing 17th October if you have been allocated places for any events you have applied for places for.

University of Leeds Post-16 Events and Activities

Futures Programmes

Our three programmes, Dental Futures, Medicine Futures, and Psychology Futures, are designed to inspire and support Year 12 students interested in pursuing careers in Dentistry, Medicine, or Psychology. Each programme will help students develop their skills and subject knowledge, giving them the opportunity to take part in talks, workshops, and other enrichment activities alongside their current studies.

[Dental Futures and Medicine Futures](#) run for twelve months from January 2023. Applications open on Monday 10th October 2022 and close Sunday 27th November 2022. Please share the attached poster with your aspiring medics and dentists who may be interested in joining the programmes.

Psychology Futures will run for 6 months from February 2023 alongside a number of other subject specific programmes. Applications also open on Monday 10th October and close in January. More information will be available on our website.

Taster Days

Our Post-16 Taster Days are designed to introduce students to HE study, and the different health sciences related disciplines that they can study at university. A Taster Day may include academic taster sessions (delivered by academic colleagues or current students), as well as a campus tour and general application advice and information. There will also be the opportunity for students to talk to our current undergraduates about their experiences.

Please find below a list of our upcoming Post-16 Taster Days. Applications are now open for individuals to apply and close on Sunday 30th October. If you could please share these opportunities with your students, it would be hugely appreciated:

- [Access to HE – Healthcare Taster Day – Friday 21st October 2022](#)
- [Healthcare Taster Day – Wednesday 30th November 2022](#)
- [Psychology Taster Day – Friday 2nd December 2022](#)
- [Allied Health and Healthcare Sciences Taster Day – Friday 9th December](#)
- [Dentistry Taster Day – Wednesday 14th December 2022](#)

Lancaster University- Widening Participation

Widening participation aims to ensure that the higher education sector is an open and inclusive environment, representative of the society we live in. At Lancaster University, we believe in presenting all individuals, regardless of background, with the opportunity to access and succeed in higher education and beyond.

We offer a wide range of activities aimed at school groups and individuals, designed to introduce students to higher education and showcasing future options available to them.

For more information about each of our widening participation activities and work across the student lifecycle, please visit our [widening participation webpages](#).

What is Access to Medicine?

Access to Medicine is all about helping you to discover medicine as a possible career and supporting you to apply to medical school in the future. You will discover what it is like to learn at Lancaster Medical School and receive expert advice and guidance about how to go about making a successful application to study a medical degree.

If you successfully complete all aspects of the programme, you may be offered a guaranteed interview should you choose to apply to Lancaster Medical School in the future.

Applications for Access to Medicine 2022 are now closed. If you will be in Year 12 in the 2022-23 academic year and are interested in Access to Medicine 2023, you can complete an [expression of interest](#) and we'll let you know once applications have opened.

Lots of universities offer Widening Participation programmes to encourage students and families to apply to universities that they might never normally consider.

They normally have an eligibility criteria so it is always worth checking to see if it is something that your son or daughter could access.

Liverpool University have a programme as do Leeds as well as Oxford and Cambridge.

Below you will find some of the links. So, if you are in Year 12 do some investigating as you may be able to access extra support on your journey to university and it all helps!

[Eligibility - Widening Participation - University of Liverpool](#)

Access to Leeds – Applications Open

The University of Leeds Contextual Admissions programme, Access to Leeds, is now open for applications from students who are applying through UCAS for 2023 entry.

Full details including eligibility criteria, how to apply, submission deadlines for all courses and a copy of the application form may be found on the [Access to Leeds webpages](#).

Access to Leeds – Applications Open

The University of Leeds Contextual Admissions programme, Access to Leeds, is now open for applications from students who are applying through UCAS for 2023 entry.

Full details including eligibility criteria, how to apply, submission deadlines for all courses and a copy of the application form may be found on the [Access to Leeds webpages](#).

Lucy Cavendish Academic Enrichment Programme 2022/2023 Cambridge University

This free programme will support high-achieving Year 12 state school students throughout the academic year, providing comprehensive supplementary academic support tailored to their stage in the curriculum, and giving them the best chance of achieving their full potential. Students will attend weekly online subject-specific enrichment classes from November 2022 to March 2022, which will strengthen students' skills and knowledge with the aim of raising attainment and confidence in their current studies. A range of additional subject taster sessions, alongside the completion of a Super curricular Enrichment Project in May, will allow students to explore their subject interests further and think more seriously about possible degree choices. Throughout, students will also receive advice from our Admissions Team on every stage of the application process so that they can make their university applications as competitive as possible. Students can find out more about the Academic Enrichment Programme and apply **by 3rd**

October here: <https://www.lucy.cam.ac.uk/academic-enrichment-programme>.

STEM SMART Programme (Year 12)

January 2023 – May 2024

STEM SMART is a free, 17-month programme to support students in raising their attainment at school and develop their confidence to apply to study STEM subjects at top universities. This programme is specifically designed for students who are considering applying to Engineering, Physical Sciences (eg physics, chemistry, earth sciences, materials science) or Biological Sciences (eg plant sciences, pharmacology, physiology, evolution and behaviour, biochemistry) courses at university and are studying A Levels (or equivalent) in maths and sciences. The scheme is free to all participants. Interested students can view the eligibility criteria and sign up here <https://www.undergraduate.study.cam.ac.uk/stem-smart> by **31st October 2022**.

Cambridge Students' Union Shadowing Scheme (Year 12)

January-February 2023

Cambridge SU is re-launching its in-person Shadowing Scheme for 2023. During the scheme, participants come to Cambridge, 'shadow' an undergraduate mentor who is studying a subject they're interested in, attend lectures, stay in a student room, eat in a college dining hall, meet lots of current students at a range of events and activities, and get advice on applying to Cambridge from staff and students. Participants will also get the chance to stay in contact with their mentor after the scheme, and attend online application and study skills sessions, in order to help them make well-informed, successful University applications. The scheme is free to all participants, including accommodation and meals, and travel costs will be reimbursed. Interested students should sign up here <https://www.applytocambridge.com/shadowing/apply/> by **9th October 2022**.
