

Our Ref: 161 15

18th November 2015

Dear Parent/Carer

Year 11 Apprenticeships Open Day – Monday 23rd November 2015

As a school we are keen to offer our students valuable hands on experience in different careers so they are able to make a more informed decision when they come to deciding upon a profession and especially those with an interest in a career within STEM.

Jaguar Land Rover, the UK's largest automotive apprenticeship provider is currently running its 2015 apprenticeship recruitment campaign. The award-winning apprenticeship programme provides students with a strong blend of real world experience and academic learning. Applicants can choose from either the 4 year Advanced Apprenticeship aimed at GCSE students or the six year Higher Apprenticeship aimed at A-Level entrants. In both cases, recruits can look forward to working alongside world-class engineers, in cutting edge product development and manufacturing environments developing vehicles for two of the most iconic global motoring marques.

This year, Halewood Operations is running a one day 'Pre-apprenticeship Course' for young people interested in applying to our apprenticeship programme. During the day, young people will have the opportunity to meet some of our apprentices, find out more about the application process and also have the chance to try some hands-on activities to get an insight into engineering careers.

The day will be held at Jaguar Land Rover, Halewood. Your son has expressed an interest in this event and therefore we are inviting him to take part in this day. The day will run from 9.30 till 2.30. The Students will need to assemble at the schools main entrance hall at 8.50am and will be escorted to JLR on their minibus. We are due back in school at 3.00pm. Pupils will need to bring a lunch and be in full school uniform. There is no charge for this trip. The staff accompanying the students will be Mr Jones and Miss Lalgee.

As ever, we do expect the highest standards of discipline and effort and look forward to an informative and successful day.

If you require any further information please contact Mr Jones or Miss Lalgee at St. Margaret's C of E Academy.

Yours faithfully

Miss Lalgee Mr Jones
Career and STEM co-ordinators
