

Our Ref: 075 15

21st May

Dear Parent/Carer

Year 10 GCSE ICT

I would like to inform you about the extra sessions we are making available to support our GCSE ICT students. We want all students to fulfil their potential and make as much progress as possible. The sessions are to support Controlled Based Assessment work and will take place every Monday after school in room 37 from 3.25pm till 4.25pm.

The first session will take place on 8th June.

This letter has been given to your son as he is in danger of falling behind and therefore playing catch up next year. To have the best chance of passing the course it is vitally important that these sessions are attended.

If you have any questions please do not hesitate to contact me

Yours sincerely

Mr M O’Gorman
Head of Computing and ICT
